

Live, Online Therapy is Making a Big Difference

Services Guarantee

We believe in building partnerships because a win for you, for the students, for the clinicians, and for eLuma creates more commitment and better student outcomes. At eLuma our commitment to excellence in process and software has enabled us to fill all job openings we contract to fill. This means your students get reliable and consistent services. And in a majority of cases we are able to get services up and running in less than 4 weeks (6 weeks during school year start).

Opportunity

As a school administrator, you know firsthand that partnering with a dependable provider makes a world of difference. We truly care about making a difference for you, for the district, and especially for the students. Dependable tools for monitoring, transparency, and accountability bring you the greatest peace of mind. eLuma's track record fulfilling jobs we contract to fill is only one piece of the puzzle that will create more value for your district. Many students with special education needs experience great challenges academically, mentally, and socially. With the rising number of students needing mental health supports and interventions, as well as services under the Individuals with Disabilities Education Act (IDEA), there is a higher demand for therapy services, Individualized Education Program (IEP) support staff, and specialized personnel. We have to think differently if we're going to meet every child's needs. Integrating online and onsite therapy can tremendously increase the quality of therapy in your schools - even to the tune of increasing productivity by 10-15%, connecting your students with specialized and credentialed therapists, and staffing with great precision.
