**Mission and Vision - REQUIRED**

**Mission:**

Achieving breakthroughs in academic excellence and character development by inspiring passion for inquiry and lifelong learning – utilizing hands-on discovery, real world application, collaboration and community; preparing each student for engagement in productive, thoughtful citizenship.

**Vision:**

The school will implement an instructional model inspired by Expeditionary Learning Design Principles.

- The school’s primary instructional approach will facilitate educational environments that focus on student centered learning experiences.
- The school will support student achievement in the Three Domains of Achievement:
  - Scholarly Habit and Character Development;
  - High Quality Work;
  - Hands-on, Project Based Learning

**Instructions:** Per statute, please describe how your school district or charter school considered input from the community in developing or revising your Continuous Improvement Plan.

**Community Involvement in Plan Development - REQUIRED**

Our CIP has been posted on our website for the past year and reviewed by our Board of Directors. The purpose and details of the CIP was a topic of discussion during our past board meetings prior to writing this CIP. The Board offered input and the community was afforded the opportunity to offer feedback in an open forum. Input from our community was considered as the school developed this plan.
